linkedin.com/in/H M Ahsan Habib Kushal | github.com/AhsanHabibKushol

Summary

Highly motivated Computer Science and Engineering student with strong foundations in Data Structures, Programming, Computer networking, and Machine Learning. Possesses solid research aptitude, analytical thinking, patience and collaborative skills to contribute effectively to technical and interdisciplinary projects.

Education

University of Dhaka (Program at NITER) 2022 – Present
Bachelor of Science in Computer Science and Engineering
CGPA: **3.76 / 4.00** (Up to Level-3, Term-2)

BAF Shaheen College Kurmitola July 2019 – December 2021
Higher Secondary Certificate (HSC) – Science
GPA: **5.00 / 5.00**

Willes Little Flower School and College Jan 2017 – May 2019
Secondary School Certificate (SSC) – Science
GPA: **4.72 / 5.00**

Technical Skills

Programming: Python, SQL, C, C++, Java, R

Machine Learning: Supervised and Unsupervised Learning, Regression, Classification, Feature Engineering, Cross-Validation, Model Evaluation, Imbalanced Learning, Ensemble Learning (XGBoost, LightGBM, ExtraTrees), scikit-learn

Deep Learning & Computer Vision: PyTorch, TensorFlow/Keras, Neural Networks, Backpropagation, CNNs, RNNs, Transformers, Attention Mechanisms, Transfer Learning, Image Classification, Image Captioning, VGG16, BLIP, RBMs

Data & Development Tools: NumPy, Pandas, Matplotlib, Seaborn, Plotly, Git, HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, LaTeX, Networking

Projects

Khamarbari – Farm Management System *2026*
Full-Stack Web Application *MongoDB, Express.js, React.js, Node.js*

Designed and deployed a comprehensive farm management platform featuring livestock management, inventory tracking, financial transactions, analytics dashboards, and reporting, with secure authentication and persistent MongoDB integration.

HeadlineGuard BD *2026*
Natural Language Processing & Deep Learning Project *Python, PyTorch, BanglaBERT, Scikit-learn, Hugging Face*

Developing a Bangla headline clickbait classification system using transformer-based architectures, particularly BanglaBERT, alongside traditional machine learning baselines to evaluate and improve classification performance.

Central Medical Records and Disease Tracking *Jan 2025 – Present*
Database Management System Project *PHP, MySQL, HTML, CSS, JavaScript*

Developed a medical records system for patient registration, diagnosis, prescriptions, vaccination, and hospital management using relational database design and automated MED_ID generation.

Falcon 9 Launch Success Prediction *Jan 2026*
Data Science & Machine Learning Project *Pandas, SQL, Seaborn, Folium, Scikit-learn*

Collected and analyzed real-world SpaceX launch data to identify key factors influencing first-stage landing success and built classification models to predict launch outcomes.

Extra Curricular Activities

Deputy Treasurer, NITER Computer Club *2025 – 2026*

Manage financial records, budgets, and sponsorships while collaborating with the executive committee to allocate funds efficiently for workshops, seminars, and inter-university events.

Senior Executive, NITER Computer Club *2024 - 2025*

Organized inter-university programming contests, seminars, and exhibitions; coordinated communication among members; and supported the planning and execution of club projects.

Organizing Secretary, NITER Science Society *2025 - Present*

Organized various events and quizes like SCIQUEST. Staying up to date with modern scientific innovations and training freshers various software technologies such as - LaTex, Power BI, Data Science concepts, and Research.

Certifications & Achievements

PyTorch Professional Certificate *Oct 23, 2026*
DeepLearning.AI / Coursera
Focus: PyTorch, Deep Learning, Computer Vision, Transformers, Model Optimization

Deep Learning Specialization *Sept 29, 2026*
DeepLearning.AI / Coursera

Machine Learning Specialization *Sept 10, 2026*
Stanford Online / DeepLearning.AI / Coursera

4th Place (Senior Level) — BAIC 2025 *Nov 28, 2025*
National AI Competition, BUBT

IBM Data Science Professional Certificate *Feb 21, 2026*
International Business Machines Corporation (IBM)
